A copy of the approved plans, drawings and specifications shall be furnished by the Owner to the Architectural Control Committee and retained by the Architectural Control Committee. In the event the Architectural Control Committee fails to approve or disapprove such design and location within thirty (30) days after the said plans, drawings and specifications have been submitted to it, or, in any event, if no suit to enjoin the addition, alteration or change has been commenced prior to the completion thereof, approval will not be required and this Article will be deemed to have been fully complied with. The members of the Architectural Control Committee shall not be entitled to compensation for, or liable for damages, claims or causes of action arising out of, services performed pursuant to this Article. The Architectural Control Committee shall be designated by Declarant unless and until Declarant otherwise specifies in a supplement to this Declaration.
